CITY OF RESIDENCE Eagle Mountain, UT

YEARS OF RESIDENCE

AGE 41

OCCUPATION Mother of 2, Business Founder & Principal

I'm Ashley Lott, a resident of Eagle Mountain, mother of two (one school-aged), and longtime business leader. I'm running for Seat 1 because—like you—I'm personally invested, and I'm committed to ensuring every student has access to safe, high-quality, and future-focused education.

With 25+ years of leadership in strategic planning, budgeting, policy, and operational growth, I bring the skills needed to help our new district build a strong foundation. I've spent my career turning challenges into opportunities. I've coached and mentored children and adults of all ages. I am active in my community. I believe that strong children and educational foundations begin at home.

I demonstrate transparency, accountability, strength, empathy and collaboration daily. I have a keen ability to unite people, foster strong relationships, and create the consensus needed to get things done. I am someone you can trust to turn your concerns, thoughts and ideas into realistic expectations and valuable, concrete solutions.

Let's build our children's future together.

I support...

...no-tolerance anti-bullying policy

...personalized and individualized education

...mental health as a core priority

...smart resource allocation and planning for growth responsibly

...pursuing funding that lessens tax burdens on families

...attracting top educators

Our Children. Their Futures. Built Together.
