CITY OF RESIDENCE Saratoga Springs

YEARS OF RESIDENCE 26

AGE 53

OCCUPATION Educator

I am running for a seat on the Lake Mountain School Board to ensure students, parents, teachers, and taxpayers have a strong voice. I have three decades of service in classrooms, on school boards, and in community leadership.

My service has always focused on reducing red tape, strengthening classrooms, and raising student achievement. I am a licensed teacher with more than 20 years of classroom and leadership experience. I currently serve on the Alpine School Board, elected in 2022, where I have rescinded more than 25 outdated policies. I have served on a charter school board, district and school community councils, state-level advisory committees, and in community leadership.

My priorities are clear:

Policy: Protecting Students, Teachers & Taxpayers

- Safe campuses and stronger emergency plans
- Support teachers with innovation, less red tape, and fair pay
- Respect for taxpayers through transparent, data-driven budgets

Programs: Rooted in Family, Focused on Students

- Tailored support for every student
- Parents as partners in learning
- Schools as centers of community life

Progress: Real Service, Real Results

- Proven governance experience
- Focused on improvements, not just promises

Proven. Principled. Prepared.

Ensuring Every Student's Education Counts
