CITY OF RESIDENCE Hideout

YEARS OF RESIDENCE 10

AGE 63

OCCUPATION (Retired) Senior IT Project Manager

Hideout's population is up 75% over the last 5 years, with rising home values and amenities to match. But we're also at a critical point in our journey. We need leadership to address everyday growing pains while stewarding a long-term community vision. My priorities are to deliver...

- **SMART GROWTH** with the right residential and commercial opportunities. I'll ensure we develop high-appeal, high-value housing that boosts the community; accelerate the build of permanent Fire Station 56; and help secure a quality grocer at Richardson Flat.
- **SAFER ROADS** both into and throughout our community. I'll work to install a turn lane and stoplight on Highway 248 at Shoreline Drive; use fencing and mitigation tools to reduce wildlife collisions; and manage speeds and maintenance on town roadways.
- **QUALITY OF LIFE** with more shared outdoor and community spaces. I'll continue to expand and connect our trail systems for both hikers and cyclists; and work to create an all-community park and gathering space for regular events and activities.

As Hideout's longest-serving council member and frequent Mayor Pro Tempore I have a strong record of accomplishments. I am ready to lead our town into its next chapter. Learn more at Baier4Mayor.com
