CITY OF RESIDENCE Hideout

YEARS OF RESIDENCE 3

AGE 61

OCCUPATION Retired

My wife and I moved to Hideout in Oct 2022. We have been lucky to have met wonderful people and are proud to call this home. I am running for town council because I believe my experience in town government, budget planning and oversight, and public board communication experience can add necessary skills to our town's future.

Council priorities should include improving the relationships with our county, neighboring towns, and residents as we look to lower costs and improve services. Regional cooperation on town projects, transportation, and administrative costs that could be shared are all opportunities. The legal costs taxpayers incur must be reduced.

We all see how the town is evolving from a development to a community as more people live here. The council can help improve the coexistence of construction and resident's quality of life. Maintaining roads, pedestrian paths, and other town owned assets are long term commitments that need a fiscally responsible strategic plan.

The most important thing the council can improve is the relationship with its residents. Elected officials engaging in ethical, transparent governance should be the rule. The days of a closed knit group of buddies making decisions for all must end.
