CITY OF RESIDENCE Warren

YEARS OF RESIDENCE 50

AGE 50

OCCUPATION Facility Manager for the Golden Spike Event Center

Duane Kearsley is a lifelong Weber County resident, Weber High School graduate (Class of 1994), business owner, and community leader with decades of leadership experience in both the private and public sectors. In 1997, he founded his own concrete construction business, where he learned the importance of discipline, accountability, and delivering results without excuses.

Kearsley currently serves as Facility Manager for the Golden Spike Event Center, overseeing multi-million dollar county facilities while leading efforts to improve efficiency, raise service standards, and save taxpayers thousands of dollars. He believes leadership means setting the example, demanding excellence from yourself first, and refusing to accept mediocrity in government operations.

For more than 25 years, he has volunteered with the Wasatch Slopes Chariot Association, helping maintain the race track at the Weber County Fairgrounds and supporting community traditions.

A dedicated father and longtime youth coach in softball, wrestling, football, and baseball, Kearsley believes strong communities are built through discipline, service, and personal responsibility. As a candidate for Weber County Commissioner Seat A, he is committed to transparent leadership, fiscal responsibility, operational excellence, and delivering measurable results for Weber County taxpayers.
