CITY OF RESIDENCE Plain City

YEARS OF RESIDENCE 48

AGE 51

OCCUPATION Construction Project Manager

Hello All,

I am a 5th generation Weber County resident. I was raised in Plain City where Shelly and I raised our family. I just finished 2 terms as the Mayor of Plain City and absolutely loved working with the staff and residents there.

As Mayor I watch as the County Commission started competing with the cities in multiple avenues. The support from the “top” down was headed out the door and many of the Weber County Mayors saw it. I will change that day one! The communication and support will be there and the competition will stop.

I firmly believe there is no better Government than local Government. City Government is where the best decisions are made for the people. They will have full support from me.

I have proven that budgets don’t have to increase in order to fulfill needs. I am a fiscal conservative with proof. As mayor we were able to save \$5,000,000 dollars without increasing taxes and controlling our spending.

As your commissioner, these are a few things I will do.

Thank you,

Jon
